SALINE CREEK FARM GREEN BEANS

This one's not from a recipe! Just how we make it in our kitchen. Note – this is for a #10 can (12 cups) of green beans, you may have to play with it to get your amounts adjusted to your taste!

Cut 1 medium onion into big chunks and sauté in olive oil till transparent. Add about 4 scoops of brown sugar and cook till carmelized. Add 2 cloves of minced garlic, salt and pepper. Add about ½ cup of balsamic vinegar and cook for a couple of minutes.

Drain #10 can of green beans and add to onion mixture. Cover and simmer for about 1 hour before serving.
